TRAIN HELD UP

Seven Masked Men Take Possession of a Choctaw Train Near Little Rock.

GOT \$4,000 IN COLD CASH

Shot Porter Gould and Family Brat Up Express Messenger Members, Who Defied Them.

BLOODHOUNDS ARE ON THE TRAIL

Little Rock, April 23.—Seven masked robbers held up the Choctaw, Oklahoma and Western train at Bridge Junction, near here, at 12 o'clock last night. When the train reached the crossing, the seven men appeared. All had henchmen tied over their faces. Two climbed onto the engine and compelled the engineer to stop. They uncoupled the engine and express car and forced the crew to take the cars down the road a mile from the bridge crossing. When they arrived at an isolated point they put out the headlight and the balance of the crew on highwaymen began work on the express train. They tried to force Express Messenger Keadows to open the safe, but he refused to do so. The robbers, who were all masked, immediately set upon him and he was badly bruised. The colored train porter, whose name is Gould, who intervened, was also shot, and fatally hurt. The robbers, when they entered the express car, immediately started to do business. They blew open the safe with nitroglycerine and secured \$4,000 in cash. All the porters were white men, and it is supposed that they had their headquarters in Memphis. The train was in charge of Conductor Nelson, one of the oldest employees of the road, and Engineer Johnson. Messenger Members was in charge of the car. The negro porter, Gould, was shot fatally. The train was delayed about twenty minutes. No one has yet been arrested, but bloodhounds are on the trail.

ROSS CASE.

THE CELEBRATED MURDER CASE AGAIN CONTINUED.

The case against Tom Ross, charged with complicity in the murder of Walter Hook at Grand Rivers a few years ago, was called in the Smithland circuit court yesterday and continued on account of the absence of witnesses. Reuben Ross, a brother, was given a life sentence. The railroad cases are all set for tomorrow. The case against a man named Goss, for alleged criminal assault on the 15-year-old wife of a neighbor, is now on trial.

ARTERY SEVERED.

BUD NANCE MEETS WITH A PAINFUL ACCIDENT AT THE MARINE WAYS.

Mr. Bud Nance, the well known ship carpenter, in the employ of the Marine Ways Co., while at work on a barge tearing away some steel plates, was severely injured this morning. His right hand slipped while prying with an iron bar, which struck the corner of a plate. His hand was torn open and an artery severed. Dr. Boyd dressed the injury, which is not serious.

BOTTLING WORKS.

MR. A. G. BUDD BOUGHT OUT MR. F. J. BERGDOLL.

Mr. A. G. Budd today bought out the F. J. Bergdoll bottling works at Ninth and Madison streets for \$3,000. Mr. Budd will move them to his present bottling establishment on South Fourth street. Mr. Bergdoll last week accepted the position of agent for the Hoerber brewery and leased his shoes, wagons, etc., to the Hoerber concern.

NEW PAPER.

THE LOCATION WILL PROBABLY BE ON NORTH FOURTH STREET.

Mr. Urey Woodson has rented the store room now occupied by C. C. Lee, on North Fourth street in the Leech building, and expects to get out the first issue of the Democrat on the first Sunday in May. He will next Sunday make an announcement of his editorial staff and reportorial force.

LATE DEALS

Mr. A. S. Thompson Resigns as Superintendent of the Street Railway Company.

LEASES BARNHILL YARDS

He Will Enlarge the Business and Make it One of the Largest in the State.

ALSO ANOTHER STOCK YARD DEAL

Mr. A. S. Thompson, the popular superintendent of the Paducah street railway, has resigned his position to take effect as soon as his successor is appointed, which will likely be in a few days. Mr. Thompson has leased the high Barnhill stockyards at Thirteenth and Norton streets, and will give his entire attention to the business, which is one of the largest and most lucrative in Paducah. Mr. Thompson is one of Paducah's best business men, and in assuming charge of the stock yards intends to make it one of the most extensive enterprises in Southwest Kentucky. His popularity and business sagacity insure his success, and he will have the best wishes of his many friends. Supt. Geo. Wallace is now out of town after a man to take Mr. Thompson's place as superintendent of the street car company, and when he returns will no doubt be ready to announce the name of Mr. Thompson's successor. In addition to the deal which gives Mr. Thompson control of the Barnhill stockyards, there is talk of another stock yard here. According to reports Messrs. T. S. Vickers, of Hanlettsburg, Ill., and Messrs. Dave Dunn, of Smithland; J. M. Davis, L. O. Hibbs, of Birdsville; W. E. Chipps, of Bayou Mills and A. M. Robertson, of Smithland, are negotiating for the Barnhill yards, and falling in get them will establish new stock yards here investing \$10,000 or \$15,000 in the enterprise. They are to have two locations on the Illinois Central, and will likely come here in a few days.

TO REFORM.

WILLIE HITE WANTS TO GO TO REFORM SCHOOL, BUT CAN'T

Willie Hite, the 14-year-old girl who was locked up Sunday night with a companion, Lissie Edington, by Captain Henry Bailey to sober up, today went to the county court house, accompanied by her mother, and said she wanted to go to the reform school at Lexington. When asked why she wanted to go she said because she "couldn't behave herself." Her mother is also very anxious to send her. County Judge Tully, however, has received notice that the reform school is full to overflowing, and not to send any more. He had to disappoint the mother and daughter. There are now two colored boys sentenced to go there, but they will have to remain in jail here until there is a vacancy, or be released. The Hite girl and her companion were both drunk Sunday night, and ought to be sent somewhere. The Edington girl is the daughter of Harze Edington, in jail at Cairo for killing his wife. Col. S. N. Leonard returned home to Eddyville this morning, after a brief business trip to this city.

NEW MAGISTRATE.

SEVERAL MENTIONED FOR THE VACANCY IN THE SECOND DISTRICT.

The death of Justice J. H. Little leaves a vacancy in the second judicial district, which will be filled by appointment by County Judge Tully. Several well known citizens are mentioned for the place. Among them are Mr. Alex Patton, for several years a constable, and Messrs. Jesse Young, E. B. Richardson and Henry Hand. Judge Tully will probably make the appointment one day this week. The unexpired term is until December.

MAYOR LANG'S SUCCESSOR MUST HAVE THE SECOND

Class Bill Presented—An Ordinance to Compel It Will Be Recommended to the Council by Mayor Lang.

The next mayor of Paducah, should he happen to be opposed to Paducah's going into the second class, will find himself handicapped in any effort he might desire to make, to prevent it, by an ordinance compelling him to have presented to the next legislature a bill providing for the transfer. "I shall at once recommend to the council," said Mayor Lang this morning, "the formal adoption of the recent census, and the passage of an ordinance accepting it, included in which will be a clause compelling the next Mayor of Paducah to present a bill which the city attorney will draft, and which will be included in the ordinance, to the next legislature for the transfer of Paducah to the second class. "This will make it incumbent on the next mayor to present the bill to the next legislature, unless the new council repeals the ordinance, which would necessarily place it on record as opposed to Paducah's becoming a second class city. "Of course this may be unnecessary, but it will be only to insure our being on the safe side." Mayor Lang said today that he may not call a meeting of the council this week, but will wait for the regular meeting next Monday for the transaction of necessary business. The city supervisors may finish today, or may not get through until tomorrow.

PRISONERS CONVICTED.

JUDGE TULLY HAS SEVERAL TRIALS IN HIS COURT.

Only four cases were disposed of in Judge Tully's court today. Bill Brown, colored, charged with flourishing a gun, was acquitted. He had been in jail awaiting trial for eight months, 15 days past was a "trusty." Will Dalton, white, charged with stealing from the Broadway Methodist church, was given 80 days in the county jail. Joe Boyd, colored, charged with stealing a small amount of money, was given 80 days in jail. Will George, charged with stealing a horse, was given six months in the jail. Cecil Smith, one of the boys sentenced to the reform school, has been released from the jail, as the authorities at the reform school could not accommodate him. Property on the southwest corner of Madison and Thirteenth streets was sold by John J. Bleich to Rosie Bleich for \$5 and other considerations. Mrs. Alice M. Ogilvie and Lissie R. Hook bought property on Harrison street, between Tenth and Eleventh, from Martha Leech for \$18. W. R. Thomas, deceased, to M. F. Emery, for \$225, property near Eighth and Boyd streets.

THE WEATHER.

NO CROPS OR FRUITS INJURED THUS FAR IN THIS SECTION.

It is given out at Government Observer Bornemann's office that the cold weather has hurt none of the crops or fruits in this section, as the weather has not been cold enough and there has been no frost. The weather predictions for today and tomorrow are continued cloudiness, but no rain, with probable rising temperature.

RAILROAD NOTES.

PRESIDENT FIRST ANNOUNCED TO PASS THROUGH THE CITY THURSDAY.

The first shovel of soil for the new railroad from Cairo to Gracely was turned yesterday by Mrs. Nancy Wellford, the oldest white citizen of the town. Miss Mattie Ryan, the well known stenographer in the master mechanic's office here will return from Louisville tonight.

IS NOT SO BAD

The Outlook is Not So Gloomy Although the Rivers Are Rising.

NO FEAR OF A FLOOD HERE

The Stage in Paducah Will Probably Reach Forty Feet—Tomball Sinks at Henderson.

A BOAT FOR THE CAIRO TRADE

The outlook for a flood is not so ominous today as it was yesterday, although the rivers are rising everywhere except at St. Louis. The big rise has not yet struck Paducah. It is thought by river men that about forty feet will be the limit here, ten feet higher than now. The danger line has been reached at Cincinnati, and is expected to be reached at Louisville tomorrow. Although the flood will likely not reach the proportions at first predicted, it has already nevertheless wrought great havoc in many places, and has driven many people near the head waters, from their homes. The rains of the past few days seem to have been general. The high stage of the river has again directed attention to the manner in which the bank down about Johnson's foundry is gradually being washed away. It is claimed that within the past several years about 125 feet have been cut off, and that should a flood come, it is possible for a big washout to occur, throwing the stream into first street. In the past many efforts were made to have the disintegration stopped by "rip-rapping," and at one time a public subscription was proposed, but nothing was ever done, and the bank continues to wash away every year. The R. C. Ganner, which has been running down about Hickman, has been chartered to take the Dick Fowler's place until her shaft is repaired. She will be here in time to leave next Monday. The towboat Coal City and barges were sunk yesterday below the L. & N. bridge, near Henderson. The barges struck the bridge pier and went to pieces. The steamer was on her way down, and 100,000 bushels of coal blocks the channel. REPORT BY WIRE. Cincinnati, April 23.—The river is rising slowly. There is now no apprehension of a big flood and the worst is nearly over. At Oallip, Ky., a washout broke the natural gas main, leaving Ashland and other nearby towns without light or fuel. Natural gas is shot off at all points between Ironton and Huntington, closing many industries. Pittsburg, April 23.—The waters are receding, mills and factories are resuming, and the situation looks brighter. Louisville, April 23.—The river is rising here and it is raining again this afternoon.

He was a short time ago appointed to the office of assistant superintendent of his company here. Miss Lampman is a niece of Mrs. J. F. Hall, of 217 North Fifth street, and has been in Paducah for the past three years. The couple left on the Cowling this morning at 11 o'clock accompanied by the following persons: Mr. and Mrs. Walter Clark, Misses Bernice Greif, Martha Bessie Hall and Mr. Roy Potter. They will return tomorrow and be at home to their friends at the residence of Mrs. Hall, 217 North Fifth street, after May 1. TO GET PARDON

Robert Lee Cole Leaves for the Penitentiary in High Spirits.

GOOD NEWS FROM HOME

Deputy Sheriff Uterback With Several Assistants, Leaves for Eddyville.

WERE NINETEEN PRISONERS IN ALL

Deputy Sheriff Uterback and Deputy Sheriff Gus Rogers left this morning with the 19 prisoners recently sentenced in circuit court for the Eddyville penitentiary. Robert Lee Cole, the young man sentenced to one year for grand larceny, showed a Sun reporter a special letter from his father, received this morning, stating that the request made of Gov. Beckham by the governor of Georgia had been granted. The request, according to Cole's statement, was for a pardon. The prisoner was not handcuffed and left in the highest spirits, stating that he intended to return to Paducah when the pardon comes, and "make a man of himself." Cole is the young harness maker who was convicted of stealing two diamond rings at Mrs. R. C. Callist's. He pleaded guilty, saying that he was under the influence of opium at the time and did not know what he was doing. The rings were pawned to a bartender. Cole is the son of the postmaster at Lawrenceville, Ga., and has given his father a great deal of trouble. It seems to be weak-minded and on this account will probably get a pardon. He says he learned harness making in a Georgia reform school. If his father wrote Major Harris, the attorney in the case, that he would be here for the trial, but it is probable decided that the quickest way to get his son out was to lay the facts before the governor and secure a pardon, which it seems he has done. Those who accompanied Deputy Uterback to Eddyville as deputies were: Messrs. Terry Thompson, J. M. Ezell, W. T. Pepper, G. Thurnberry, Theo. Luttrell, Robt. Foster, Emil Gourieux and Joe Ullman. The prisoners were nineteen in number and all but three were colored. —Pure drugs carefully compounded. Soule's. 121st

ENUMERATORS HAVING A HARD TIME ON ACCOUNT OF WEATHER.

The school census enumerators are having considerable trouble on account of the bad weather. They must finish by the end of the week and they have quite a little work to do before they are through. GERRYMANDERING

IN KENTUCKY.

In November there is to be elected a new legislature, and upon that legislature will fall the duty of reapportioning the state into congressional districts to conform to the recent census. If the Republicans get a majority in the next legislature, they may get a fair arrangement of the districts, but if the Democrats get a majority they will doubtless gerrymander the state worse than it now is, if such a thing be possible. The Democrats pretend that they are paragons of justice, fairness and virtue despite their Goshel bills and gubernatorial thefts, but the contrary seems more likely, when it is seen how they have succeeded in bunching up the Republican counties into a district or two, and have kept the others for themselves. Democratic methods have deprived the Republicans of five of the eleven districts, if not more. The last census gives Kentucky a population of 2,137,174 making a congressional ratio of 195,197, according to the Louisville Commercial.

The Eleventh district, Republican, is made up of nineteen counties, all Republican, with a total population of 268,417, about 73,000 in excess of the ratio.

The Tenth is next in size, with sixteen mountain counties. The Second, Sixth and Seventh districts each have eight counties, the First, Fourth and Ninth each have thirteen counties, and the Eighth and Third each have ten.

Jefferson county is the smallest district, territorially, with a population of 322,519. The district having the smallest population is the Eighth, with 143,189 people, or about 52,000 less than the proper ratio. Next comes the Seventh with a population of 151,453 or about 44,000 under the ratio. The First with 187,883 people; the Second, with 203,316, and the Ninth, with 207,332, and the Tenth, with 189,081, come nearest to the ratio. The Third, with 179,518, and the Sixth with 179,430, come very close together in numbers. After the Eleventh district, the one having the largest population is the Fourth, with 210,840.

The Eleventh was made large in order to take in all the Republican counties that could be bunched together, and the Eighth was made small to keep it Democratic. The Eleventh was too large and the Eighth too small, but they were apportioned that way to maintain a Democratic majority.

The legislative gerrymander is equally as bad, if such a thing be possible. The senatorial ratio is 56,504 under the new census. A few of the unjust apportionments may be cited in the Seventeenth senatorial district, composed of seven large counties, and with an area quite as large as that of the Sixth or Seventh congressional districts, with a population of 129,960, or something more than twice the number entitled to have a senator. The Thirty-third senatorial district, consisting of nine mountain counties, with a population of 103,464, lacking only about 10,000 of being double the ratio, and more than three times the population of the Twenty-third district, composed of Gallatin, Boone and Owen. The Seventeenth senatorial district with a larger population than the aggregate population of the Tenth, Twenty-first and Thirtieth districts. Those three districts, with an aggregate population of 115,466, have three senators, while the 129,960 in the Seventeenth district only have one senator.

There are five senatorial districts with less than 40,000 population—but they are all Democratic districts. In the house legislative apportionment the injustice is equally as palpable. The ratio for representation is 21,471. Warren, with a population of 39,970, and Daviess, with a population of 38,667, are each allowed two representatives, but Christian, with 27,962 people, is only allowed one. Bell, Harlan, Leslie and Perry are thrown into one district, and have only one representative, though their aggregate population is 40,108, or four times the population of Anderson, which is allowed one representative. The counties of Breathitt, Lee and Mazon compose one district, and

have only one representative, although their aggregate population is 34,218, or more than the aggregate population of Leno, Meade and Jessamine, each of which has a representative.

The new statute passed by congress regulating the apportionment requires districts to be made up of contiguous territory, and is intended to make gerrymandering more difficult.

All the instances cited above serve to show the injustice and imposition that have been heaped upon the Republicans of Kentucky from time immemorial, and the only hope of the Republicans is to get a majority in the next legislature. The best men must be put out for the various places, and the party must work with unremitting zeal if it expects to head off such highway robbery. It must begin now and keep it up until election.

Minister Wu Ting Fang is preparing a memorial to his government recommending for earnest consideration, the adoption of western methods in China as a relief from present perplexities, and the advancement of his country to a place among the progressive nations of the earth. Wu Ting has had a better opportunity than most of his countrymen to witness the workings of modern methods of finance and economy, but whether or not his unusual procedure will have any effect is extremely doubtful. It looks as though it will require something more drastic than mere memorials and recommendations to convert the Chinese condition of modern civilization. Here's hoping, however, that Wu Ting will not lose his head for his audacity.

In the case of Agninaldo, as in many other cases, distance appears to have lent enchantment. Instead of being the refined, intelligent patriot he was said to be he proves upon closer inspection to be practically uneducated, signs his name "X, his mark," and is now studying the English language. He is said to be crafty and accessible as well, and has a rather sinister cast of countenance. The iconoclast usually gets in his work sooner or later and Agninaldo is the latest victim.

A New York priest offered a reward of \$10,000 for the return to his parents of a kidnapped boy. The youngster was "discovered" all over the country within four days, and if all the stray boys had been delivered to him, no orphan asylum in the country would have been big enough to hold them. The clairvoyants, monomaniacs and fakirs finally became so annoyed by the priest was finally compelled to withdraw the offer in order to have time for the performance of his sacred duties.

A number of intellectual cranks and anti-expansion newspapers are engaged in an amusing controversy over the ethical phases of Agninaldo's capture. Some contend that a gentleman and a soldier wouldn't have dared, and others declare that he would have dared. But just the same Agninaldo is in a cage and Gen. Phanton has had no cause to regret the part he played in the little affair.

One of the Blue Grass papers remarks: Ollie Jones, the roaring and mighty ethiopian phenomenon of Crittenden county, has announced his candidacy for congress from the First district, and has also shed an inclination toward or two to the effect that he is "confident of winning."

Despite the interviews, and "reliable reports," pro and con, Gov. Durbin, of Indiana, states that until resolution of parties for Gov. W. S. Taylor are laid on his desk he will not decide what to do.

If Agninaldo know all the mean things that have been said and written about him he probably would have no dread of being "misrepresented." In truth, misrepresentation might help his reputation.

An ex-preacher of Washington, Ind., has sold a saloon keeper for \$5,000 for selling him whiskey. It must have been a pretty bad brand.

If bank officials were only thoughtful enough to commit suicide before hand, many repatriations and considerable cash would be saved.

The big flood seems to be about over. Yesterday we had it and now we don't have it. Such is modern journalism.

It is reported that Former Governor W. O. Bradley will be a candidate for United States senator.

If enough water comes along Paducah may get a good spring cleaning.

There is talk of entering Agninaldo in the next derby.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors prescribed it a local disease, and prescribed local remedies, and by constantly filling to care with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment.

Dr. J. C. CHENEY & CO., Toledo, O., has discovered the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

SENSIBLE CONCLUSION.

GOV. DURBIN'S ADVISER TELLS WHAT HE WOULD DO.

Indianapolis, Ind., April 23.—Atorney General W. L. Taylor, whom Gov. Durbin consults before issuing regulations, said significantly: "My opinion is that regulations for Taylor and Finley will not be presented. If they were I know what I would do and do quick. I would never surrender a man to a state where there is no pretense of a fair trial, as the constitution prescribes. The Ripley trial was concocted for effect."

MONOPOLY IN COAL.

Birmingham, Ala., April 23.—J. H. Pace, of Birmingham, Va., president of the Virginia and Alabama Coal company, which operates extensive mines in Walker county, this state, has called a meeting of the stockholders of that company to be held in Birmingham, April 30. While the purpose of the meeting has not been publicly stated it is well understood to be for the consideration of a proposition made to the Virginia and Alabama company by the Monongahela Coal company, of Pittsburgh, for the purpose of the former's properties. The Monongahela company does a large coal business in the southwest on the Mississippi river, floating its product down that stream in barges. Within the past two or three years the Walker county operators under the leadership of the Virginia and Alabama Coal company have made large inroads into the trade of the Pittsburgh people in the southwest. As was published some time ago the Pittsburgh parties are now signing on having the view it is presumed to divert the latter's product to other markets than those which Pittsburgh coal enters. It was stated some weeks ago that the deal had been closed, but this has proven erroneous. It is said, however, that the Monongahela company made a very favorable offer for the purchase of the Virginia and Alabama company's properties and that the stockholders at their meeting here on the 30th will sell and finally close up the deal. A stipulation in the transaction will be that the Walker county mines "are not to be closed down, but no objection will be entered to the diversion of their product to other markets. After the Virginia and Alabama deal goes through, as it is expected to do, the Pittsburgh people it is believed will then proceed to buy up several smaller companies in Walker county which have had a finger in the Mississippi river trade. In fact negotiations are now pending to this end, but nothing final, it is understood, will be done until after the trade for the Virginia and Alabama company's properties is finally closed.

INSURGENT SPIRIT SMASHED.

Washington, April 23.—In the opinion of officers on duty in the Philippines, Gen. MacArthur's actions in deporting insurgent leaders to Guam had the effect of greatly discouraging their followers and has done even more toward breaking up the insurgent than the vigorous military operations which have been carried on since the beginning of the dry season. In a letter received here today the commander of one of the naval vessels in the Philippine waters says:

"Great numbers are coming in and taking the oath. It really looks as though the insurgent spirit. That move, I don't know who thought of it, has done more to stop hostilities than all the killing since the war started. The people dearly love their homes and while they don't mind captivity near home and do not fear death especially, death is evils works wonders as a spirit breaker. Following that order about 50,000 in one island came in and took the oath."

VESUVIUS ACTIVE.

ONLY TWO SHOCKS OF EARTHQUAKES HAVE THUS FAR BEEN FELT

New York, April 23.—A dispatch to the World from Paris says: Mt. Vesuvius is again in a state of active eruption and many people, scientists, students and the curious, including American tourists, are leaving Paris by every train for Naples. The first signs of disturbance were observed a week ago, when for three days columns of smoke issuing rapidly from the crater in great volume towered high above the volcano. Then came occasional rumbles of the chimneys, sometimes sprinkling the country for several miles around. New lava is beginning to run.

The fire at the crater is very intense at night, illuminating the surrounding region beautifully. Only two slight tremors of earthquake have been felt so far.

BANK OFFICIALS SUICIDE

Vancouver, Wash., April 23.—Charles Brown and E. L. Canby, president and cashier respectively of the First National bank of this city, which was forced to suspend, committed suicide two miles from here and their bodies were found this morning.

They both used the same weapon and Canby evidently died first, as the revolver was in Brown's hand. It is evident that Canby put the muzzle of the revolver in his mouth and blew the top of his head off. Brown then took it and shot himself in exactly the same way, falling over Canby's body.

While Bank Examiner Maxwell, who is now in charge as receiver, has made no official statement, it is known that the bank loaned a large sum of money on insufficient security. According to his report to the controller of the currency there is a shortage of \$41,000 in the bank's accounts, and it is understood that a considerable portion of this was loaned to Brown and Canby on their personal notes. About a year ago the bank reduced its capital stock from \$100,000 to \$50,000. At that time about one-half of the so-called bad assets was "charged off."

According to the latest statement issued in February the bank had deposited its amounting to about \$350,000.
